

Please know that if you close Southbury Training School, it will be terribly detrimental to my brother's safety and life. He is incapable of living in a group home and will need to be strapped to a bed or chair all the time. He has been a resident for 40 years and will I am afraid not survive in a group home. Please do all you can to keep these helpless children safe. I thank you in advance for your help.

With best regards,

Linda G. Livolsi

Sister of Gary Garozzo
